Fall 2021 Public Health Update

• Vaccines
  • Pfizer and Johnson & Johnson (Janssen) available on campus
  • Immunocompromised individuals: FDA and CDC gave final approval to start administering COVID booster shots to both Pfizer and Moderna vaccine recipients
  • Coming soon.... Booster doses for all Americans
    • Still awaiting final evaluation and approval; anticipate to start late September
    • Proposing a third dose, 8 months after an individual’s second dose

• Social media - @CycloneHealth
  • Why I got vaccinated
Fall 2021 Public Health Update

• Masks
  • Centers for Disease Control recommends wearing a face mask in indoor public spaces, even if you are fully vaccinated

• COVID-19 Testing
  • Students – focus on those who are symptomatic, available at Thielen Student Health Center (TSHC)
  • Employees – arrange through your primary care provider or other community locations
  • IDPH/Test Iowa at-home testing kits: available for students and employees at TSHC, the Memorial Union information desk, and Union Drive Community Center mail room (www.testiowa.com)
  • Surveillance testing
Fall 2021 Public Health Update

• Case Management and Contact Tracing
  • IDPH has transitioned to reduced case investigation and contact tracing
  • ISU Public Health will do limited case investigation and contact tracing for students that live in the Department of Residence (DOR), or sorority and fraternity houses

• Isolation and Quarantine
  • Flowcharts available for most current CDC guidance
  • Isolation and quarantine housing available for DOR students in Linden Hall

• Data Monitoring
  • CDC COVID Data Tracker
  • COVID-19 in Iowa
  • Campus data
Fall 2021 Public Health Update

• Cyclones Care 2.0
  • Get vaccinated
  • Monitor your health
  • Stay home if you’re sick
  • Wash your hands often
