

Campus Community Active Close Contact Data Beginning Week of 8/17/20

Number of individuals within the campus community (including faculty, staff, and students) who are actively in quarantine* by week, since the week beginning 8/17/20

In an effort to provide a more meaningful public health perspective for close contact and quarantine information, this graph will no longer be updated after 9/14/20. Instead, data will now be presented by the number of individuals actively in quarantine along with the number of close contacts who have gone on to test positive for COVID-19. This data is represented in the below graph.
